Learn how **The Commons** has become an "entrepreneurial skills accelerator" for the students of Southeast Wisconsin's colleges and universities. The Commons is a widespread collaboration between the region's academic, entrepreneurial and business communities to attract, develop and retain the brightest minds in the region. You can learn more about the Commons at www.thecommonswi.com. The EDA University Center in Wisconsin, the Wisconsin Center for Commercialization Resources (WCCR), is an important partner in The Commons collaboration.

This session was completed using Blackboard Collaborate, coordinated by the University of Wisconsin on September 28, 2015 - 1 p.m. CST.
